

**IENOVA ANNOUNCES ITS PARTICIPATION IN THE SECOND LONG TERM PUBLIC TENDER ISSUED BY THE CENTRO NACIONAL DE CONTROL DE ENERGIA (CENACE)**

Mexico City, September 21, 2016 – Infraestructura Energética Nova, S.A.B. de C.V., “**IEnova**”, informs that it, in connection with the call issued by the *Centro Nacional de Control de Energía* (CENACE) to participate in the second long term public bidding process related to the contracting of Power, Electric Power, Electric Power Stacks and Clean Energy Certificates (CELS), today, through several affiliates it submitted proposals to participate in the bids for certain photovoltaic projects.

Participating in the bidding process does not guarantee that IEnova will be awarded with the project.

In case of winning the tender, IEnova would be responsible for implementing the project, including obtaining the permits, acquiring land and rights of way, the engineering, procurement, construction, financing, operation and maintenance.

This initiative is consistent with IEnova’s strong commitment with the development of infrastructure in the country.
