

IENOVA ANNOUNCES ITS PARTICIPATION IN THE THIRD LONG TERM PUBLIC TENDER ISSUED BY THE CENTRO NACIONAL DE CONTROL DE ENERGIA (CENACE)

Mexico City, November 13, 2017 – Infraestructura Energética Nova, S.A.B. de C.V., “**IEnova**”, announces that today, through one of its affiliates, it submitted photovoltaic projects proposals in response to the call issued by the *Centro Nacional de Control de Energía* (CENACE) to participate in the third long term public bidding process related to the contracting of Capacity, Energy, and Clean Energy Certificates (CELS).

Participating in the bidding process does not guarantee that IEnova will be awarded a project.

If IEnova wins the tender, it will be responsible for implementing the project, including obtaining permits, acquiring land and rights of way, and performing engineering, procurement, construction, financing, operation and maintenance.

This initiative is consistent with IEnova’s commitment to the development of energy infrastructure in the country.
