

IENOVA ANNOUNCES ITS PARTICIPATION IN THE FIRST LONG TERM PUBLIC AUCTION ISSUED BY THE CENTRO NACIONAL DE CONTROL DE ENERGIA (CENACE)

Mexico City, March 28, 2016 – Infraestructura Energética Nova, S.A.B. de C.V., “**IEnova**”, informs that it, in connection with the call issued by the *Centro Nacional de Control de Energía* (CENACE) to participate in the first long term public auction process related to the contracting of Capacity, Energy and Clean Energy Certificates (CECs), today, together with an affiliate of Sunedison, S. de R.L. de C.V., submitted proposals to participate in the auctions for certain photovoltaic projects.

Participating in the auction process does not guarantee that IEnova will be awarded with the project.

In case of winning the auctions, IEnova, together with an affiliate of Sunedison, S. de R.L. de C.V., would be responsible for implementing the project, including obtaining the permits, acquiring land and rights of way, the engineering, procurement, construction, financing, operation and maintenance.

This initiative is consistent with IEnova’s strong commitment with the development of infrastructure in the country.
