

## **IENOVA ANNOUNCES RESOLUTION OF CONFLICT WITH THE MUNICIPALITY OF ENSENADA, BAJA CALIFORNIA**

Mexico City, May 7, 2015 - Infraestructura Energética Nova, S.A.B. de C.V., "**IEnova**", in connection with the complaint filed by Ramón Eugenio Sánchez Ritchie, in February 2011, before the Urban Control Direction ("**DCU**") of the Municipality of Ensenada, Baja California, Mexico, which alleged the invalidity of land use permits and construction given to the liquefied natural gas terminal in 2003 and 2004, respectively, hereby informs the following:

- (i) As informed on April 28, 2014, on such date the Municipality of Ensenada declared itself unfit to attend to, process, continue processing and effect the resolution of the procedure started in 2011 by Ramón Eugenio Sánchez Ritchie.
- (ii) In view of the above, the administrative authority has decided to annul all proceedings in the administrative procedure, including the closure order, and ordered the filing of the record as a duly completed case.
- (iii) The official communication was challenged before an Administrative Court by Ramón Eugenio Sánchez Ritchie, and the appeal was resolved favorably to the interests of IEnova.
- (iv) The above mentioned resolution was not challenged, thus, the matter is concluded and the resolution in favor of IEnova is, therefore, final and may not be appealed.
