

IENOVA ANNOUNCES THAT THE APPEAL FILED BY MR. ROBERTO VALDÉZ AGAINST THE ENVIRONMENTAL PERMIT GRANTED TO THE LIQUEFIED NATURAL GAS FACILITY IN ENSENADA WAS RESOLVED IN FAVOR OF IENOVA

Mexico City, Mexico, January 31, 2016 – Infraestructura Energética Nova, S.A.B. de C.V. (“**IEnova**”) informs investors that in connection with the appeal filed by Roberto Valdéz Castañeda against the Environmental Impact Statement (*Manifestación de Impacto Ambiental*) of the Energía Costa Azul, S. de R.L. de C.V., liquefied natural gas storage and regasification facility located in Ensenada, Baja California:

In January 2017, the Collegiate Circuit Court published a resolution by which it denied the Amparo requested by Roberto Valdéz Castañeda; therefore, this matter has concluded definitively in favor of IEnova.

IEnova reiterates that it shall continue defending its operations and its prestige through all legal means available, and that it fully trusts in the institutions of the Mexican State, as it has done during its 20 years of operation in the country.
