

IENOVA ANNOUNCES CORPORATE LONG-TERM CREDIT FACILITY.

Mexico City, March 26, 2020 – Infraestructura Energética Nova, S.A.B. de C.V. (“**IEnova**”), informs that today it entered into a 15-year credit facility for US\$100,000,000.00 (one hundred million dollars) with the Japan International Cooperation Agency (“**JICA**”).

This transaction is JICA’s first private sector investment finance project in Mexico, since 2012.

This is part of the financing structure that the company closed in November 2019 with the International Finance Corporation (“**IFC**”), a member of the World Bank Group, and the North American Development Bank (“**NADBANK**”).

The funds will be used to finance and/or refinance the construction of solar generation projects within IEnova’s portfolio.
