

**IENOVA ANNOUNCES ITS PARTICIPATION IN THE PUBLIC TENDER TO  
PROVIDENATURAL GAS TRANSPORTATION SERVICES FOR THE  
COMISIÓN FEDERAL DE ELECTRICIDAD ON THE SOUTH TEXAS -  
TUXPAN PIPELINE**

México City, May 19, 2016 – Infraestructura Energética Nova, S.A.B. de C.V., (“**IEnova**”), informs that, in connection with the public tender issued by Comisión Federal de Electricidad (“**CFE**”), to participate in the bidding process related to the rendering of natural gas transportation services to CFE on the South Texas - Tuxpan pipeline (the “**Bid**”), today it submitted a proposal to participate in the Bid through its affiliate Infraestructura Marina del Golfo, S. de R.L. de C.V (“**IMG**”).

IMG is a joint venture formed between IEnova with a participation of 40% and TransCanada Corporation, with a participation of 60%.

If IMG wins the Bid, it shall be responsible for implementing the project, including obtaining the permits, acquiring the land and rights of way, the engineering, procurement, construction, financing, operation and maintenance.

Participating in the Bid does not guarantee that IEnova through its affiliate IMG will be awarded the project.

This initiative is aligned with IEnova’s strong commitment with the development of infrastructure in the country.
