Mexico City, May 11, 2015 - Infraestructura Energética Nova, S.A.B. de C.V., "**IEnova**", in connection with the appeal filed against the port concession granted in favor of IEnova's subsidiary, Energía Costa Azul, S. de R.L. de C.V. ("**ECA**"), filed by Inmuebles Vista Golf, S.A. de C.V. ("**Vista Golf**") before the Ministry of Communications and Transportation ("**SCT**"), with respect to the port concession granted to ECA in connection with its maritime operations, hereby informs the following:

- (i) On February 19, 2015, a Federal Court issued a resolution in favor of IEnova's interests, denying the petition for constitutional relief (*amparo*) requested by Vista Golf against the court resolution issued by the Federal Court for Tax and Administrative Justice, which was also issued in favor of IEnova's interests.
- (ii) In view of the above, on April 24, 2015, the Federal Court for Tax and Administrative Justice, acknowledged the total conclusion of the petition for annulment (*juicio de nulidad*) and as a consequence the resolution issued in favor of IEnova is, therefore, final and may not be appealed.
