

IENOVA ANNOUNCES THE PREPAYMENT OF THE FINANCINGS OF VENTIKA AND VENTIKA II WIND FARMS

Mexico City, October 13, 2021 - Infraestructura Energética Nova, S.A.B. de C.V. (“IEnova”), a Semptra Infrastructure Partners company, informs the public investors that it has completed the prepayment in full of the financings of Ventika and Ventika II (jointly the “Ventikas”) wind farms.

The Ventikas are two adjacent wind farms, located in the state of Nuevo León, México, with 126 MW each and a jointly installed capacity of 252 MW. In 2014, the Ventikas obtained financings for its construction, which prepayment was concluded in full today, for a total amount of US\$375 million plus interest, hedge termination costs, and other ancillary costs.
