## **IENOVA ANNOUNCES THE CELEBRATION OF CERTAIN CONSTRUCTION CONTRACT FOR THE SONORA PIPELINE PROJECT**

Mexico City - Infraestructura Energética Nova, S.A.B. de C.V., "**IEnova**" reports that as part of the implementation of the project Sonora for the construction and operation of a pipeline transportation system of about 835 kilometers, awarded to its subsidiary Gasoducto de Aguaprieta, S. de R.L. de C.V. ("**GAP**"), by the Federal Electricity Commission last year, GAP entered into with GDI SICIM Pipelines, S.A. de C.V. ("**GDI-SICIM**"), a turnkey contract relating to the construction of said project. GDI-SICIM is the consortium formed by the Mexican Grupo Desarrollo de Infraestructura and the International SICIM.
