

## **IENOVA ANNOUNCES CORPORATE LONG-TERM CREDIT FACILITIES.**

Mexico City, November 19, 2019 – Infraestructura Energética Nova, S.A.B. de C.V. (“**IEnova**”), informs that today it entered into 15-year credit facilities for US\$200,000,000.00 (two hundred million dollars) with International Finance Corporation (“IFC”), a member of the World Bank Group, and North American Development Bank.

This is the first loan certified under the Green Loan Principles that IFC grants to a company in Mexico.

The funds will be used to finance and/or refinance the construction of solar generation projects within IEnova’s portfolio.
